Understanding yourself – Part of Fortune

Exercise

Contemplate these aspects of your life

1. Do you enjoy think of yourself as lucky?
2. What do you do to improve your chances of winning?
3. Are you unashamedly an authentic expression of your true self?

Discuss this in relation to the position of your Part of Fortune, particularly its Sabian Symbol.

Teaching

The part of Fortune links Sun, Moon and Ascendant, and so is a composite statement of who we are. When we are true, we are in alignment with the soul – in other words resonating on the plane of spirit. On this plane, the law of synchronicity is much more evident. So we can expect beneficial coincidences to occur much more readily when we follow the path shown by Fortune's Sabian Symbol.
